LIVE!

What is it?

GDScore allows golfers to record their scores – and see how their competitors are doing – in real time. Live leaderboards can also be displayed in the clubhouse and on social media.

How does it work?

- Each group in the event is given a GDScore device with each player's details pre-loaded for the game ahead.
- After each hole players simply enter their gross scores. Handicap calculations happen instantly, whatever the game format.
- Our experienced staff will be on hand to oversee the scoring – ensuring all your time is spent with your clients.

"I would like to extend my sincere thanks to GDScore for the provision of live scoring to our latest Ipswich Town Football Club Golf Day. The service you provided contributed to a highly successful event and all our guests loved the ability to see the live leaderboards on the course and to see how they were getting on against players and legends of the club!"

Features

GDScore is loaded with innovative features which will enhance your golf event. Its flexible format allows you to do the following – and more:

- Cater for any number of golfers – and all the usual formats, including shotgun/two tee starts
- Display team and individual leaderboards on each device
- See players' scorecards in real time – and get your own via e-mail at the end of the round
- Option to keep the final results hidden until the prize presentation

Big screen leaderboards in the clubhouse!

"The introduction of GDScore 100% enhanced the competitive spirit of our golf day! The players loved the fact that they were able to follow the other teams live and to see where they were on the leaderboard at all times. It also solved the massive headache of our admin time at the end of the day, so as an organiser it has proved to be a brilliant addition to our golf day and all very simple to work and operate thanks to the team at GDScore."

Benefits

GD Score ensures a professional experience for your players. The advantages of our tailored packaging include:

- **Excitement for all involved**

Scores are updated in real time and displayed for players on the course and on screens in the clubhouse.

- **Efficient competition**

No need to sort through scorecards at the end. Final leaderboards are ready as soon as players complete their round.

- **Smooth running of your event**

You can track where all your players are at any point in the round to help with pace of play and catering timings.

- **Added value for sponsors**

Opportunity to provide advertising space to your clients – an image of their choice can be displayed on our device after each hole.

"GD Score Live Scoring without a doubt has enhanced our golf events this season. All our competitors loved the fact that they can see where they stand on the course and GD Score really gives the 'Wow' factor to any golf day. The service GD Score provides is superb and we look forward to working with them next year!"
